DIRECTORS' REPORT

The Board of Directors of Interloop Limited ('the Company' or 'ILP') is delighted to present the Annual Report for the fiscal year ended on June 30, 2023, along with the audited Financial Statements and the accompanying Auditors' Report.

ECONOMIC & INDUSTRY OVERVIEW

Fiscal year 2023 proved to be another challenging year for the global economy, as it grappled with the delicate balance between stabilizing growth and containing unabated rise in inflation. This inflationary pressure was primarily a consequence of supply chain disruptions, the prolonged Russia-Ukraine conflict, and pressure on consumer demand during the first two quarters of the fiscal year. Additionally, the Central Bank's countering contractionary monetary policies further burdened the economic activity.

Pakistan's economic growth prospects also dampened throughout fiscal year 2023, primarily due to a challenging macroeconomic environment, and climatic devastations, further aggravated by the global economic slowdown. Pakistan's GDP posted a growth of 0.29% in fiscal year 2023 while its foreign reserves contracted by USD 5.4 billion, causing the Pakistani Rupee (PKR) to depreciate by 39.6% against the US Dollar in fiscal year 2023. This, coupled with rising energy and food prices, led to a multi-year high CPI inflation rate of 29.2% YoY in fiscal year 2023, compared to 12.2% in fiscal year 2022. The State Bank of Pakistan (SBP), consequently, continued with tightening of monetary policy and raising the Policy Rate to 22.0%. The Government imposed strict import restrictions, reducing the trade

deficit by 38.3% with considerable reduction in Imports by 27.3%. Exports decreased by 14.1% and workers' remittances also declined by 13.6% YOY in fiscal year 2023.

In fiscal year 2023, Pakistan's textile sector remained on the downturn in tandem with the overall 'Manufacturing' sector situation.

According to the Pakistan Bureau of Statistics (PBS), the textile industry's exports dropped significantly by 14.6% YoY to USD 16.5 billion, and this decline was primarily attributed to factors such as the limited availability of local cotton after flash floods, import restrictions, and sluggish demand from USA and Europe. Among the value added segment, knitwear, holding highest share in exports, posted 13.4% YoY decline in exports to USD 4.4 billion despite 10% volumetric growth in the same period. Exports of Readymade Garments and Bed wear also declined by 10.6% YoY and 18.3% YoY to USD 3.5 billion and USD 2.7 billion, respectively. As per latest statistics published in the World Trade Organization report, Pakistan maintains its position among the top 10 textile exporters globally, however, its market share has contracted to 2.6%, down from 3.0% over the past decade. In value-added textiles, Pakistan's share is even smaller at 1.1%, owing to non-competitive industry policies, lack of innovation, and an unstable macroeconomic environment.

FINANCIAL AND OPERATIONAL PERFORMANCE

The fiscal year 2023 encountered several challenges, primarily due to political and economic uncertainty, floods, a growing current account deficit, currency depreciation,

rising foreign debt, and dwindling reserves in Pakistan. The State Bank intervened by rapidly increasing interest rates in order to control inflation, and introduced various restrictions on imports in an effort to arrest the depletion of foreign currency reserves, which further constricted the economic activity.

Despite these significant challenges, the Company performed remarkably well during the fiscal year 2023 and delivered exceptional results by achieving the highest ever sales revenue of PKR 119,200 million, compared to PKR 90,894 million during the corresponding year. Despite continuous upside trend in material costs and manufacturing overheads, the Management's commitment to achieve Lean manufacturing excellence led the Company's gross profit to grow significantly by 53%, amounting to PKR 39,872 million in fiscal year 2023, compared to PKR 26,066 million in the corresponding year. Operating expenses increased by 27%, amounting to PKR 12,919 million, compared to PKR 10,207 million in the preceding year. Finance cost increased by 122%, in comparison to last year, due to increase in average borrowing rates.

Cost saving initiatives and better pricing management contributed to the notable improvement in profitability. The Company, resultantly, achieved a profit after tax of PKR 20,172 million for the current fiscal year, reflecting an increase of 63% compared to PKR 12,359 million last year. This translated into earnings per share of PKR 14.39 in fiscal year 2023, compared to PKR 8.82 per share in fiscal year 2022.

This effort empowers women through motorbike training, road safety, and anti-harassment workshops. It also facilitates access to purchasing motorcycles on highly subsidized rates, promoting financial and mobility independence. The program is designed to empower 2000 women, dismantling socio-economic barriers to mobility and enabling them to access colleges, universities, offices or seek other economic opportunities, independently. RISKS AND UNCERTAINTIES

Risks and Opportunities are discussed in detail in the Annual Report.

MATERIAL CHANGES DURING THE CURRENT YEAR

There are no material changes and commitments affecting the Company's financial position between the end of fiscal year 2023 and the date of this report.

BUSINESS CHALLENGES AND FUTURE OUTLOOK

Pakistan's business landscape will remain uncertain until structural reforms are undertaken. On the economic front, the Government, in order to meet IMF's structural benchmarks, scheduled for the next review in November 2023, is continuously increasing energy prices which will notably raise the cost of conducting business within the country. Furthermore, the global outlook remains unstable, affecting

the earning prospects of export-oriented industries.

Interloop remains committed to its customers and major stakeholders. The Company will continue to offer best in class and sustainable products. Despite challenging times, the Management is ambitious about pursuing its expansion plans and is geared towards commissioning its vertically integrated new Apparel Complex in second quarter of fiscal year 2024, and make headway in the knitted apparel business

Interloop is committed to elevating labor industry standards through investments in top quality learning opportunities and capacity development programs. One such initiative is the establishment of our Technical Training School at the Interloop Apparel Park, which trains our workforce in enhancing their operational skills, and standardization on the factory floors.

Sustainable Future

Interloop is poised for a future marked by sustainability, innovation, and responsible practices. Our journey towards a more sustainable future is an ongoing commitment, and we remain resolute in our mission to make a positive impact on our environment and communities while ensuring the prosperity of future generations. In our dedicated mission towards a sustainable future, we have successfully reached significant milestones, including:

- Interloop has been awarded 1st prize in Living the Global Compact Best Practices Sustainability Awards in the Large National Enterprises category, at the annual event; SDGs Pakistan Summit 2023. The UN Global Compact is the largest corporate sustainability initiative in the world, with more than 9500 companies and 3000 non-business signatories based in over 160 countries, and more than 60 Local Networks. This award is granted in recognition of our state of the art practices in the field of sustainability.
- Interloop also became Pakistan's first Large Scale Enterprise and Textile Manufacturing Company

to have approved Science Based Targets. These targets are based on the latest climate science and cover the full set of its emissions: Scope 1, 2 and 3. This milestone is a major move for Interloop on its mission to lighten its environmental impact as the Company moves toward decarbonization.

- Another major achievement was first ever shipment of farm-to-floor Traceable Yarns from Interloop Spinning to Germany. LoopTrace is our proprietary traceability solution to provide end-to-end traceability from product to the farm level. This was made possible by our LoopTrace project, which has allowed us to ensure supply chain traceability.
- Working out alternative options for cleaner fuels, Interloop has already added 8MW installed solar capacity to its system and is in the process of commissioning an additional 4.6 MW. Also, we are installing state of the art Biomass based Boilers replacing coal for steam generation by using Biomass Fuels.
- Interloop Limited has taken substantial steps to reduce water consumption and its impact on resources. A notable initiative is the Water Recycling Plant at Hosiery Plant-5, now operational, recycling 100% of our process water. Most of our recent equipment employs nano-bubble technology for washing, markedly cutting water usage. Hosiery Plant 4 and 5, designed for zero liquid discharge using this technology, represents a significant stride towards our goal of a 25% water consumption reduction by 2026.
- The Interloop Organic Kapas (ILOK) project, in collaboration with Lok Sanjh Foundation, has achieved the IC1 certification for In-Conversion Organic Cotton from Control Union Sri Lanka. This project covers 10,138 acres in southern Punjab and involves 2000 farmers. Switching to organic farming is crucial for the economic well-being of both local and global communities. The ILOK project not only preserves land fertility but also empowers farmers and reduces environmental impact through local organic cotton production.

☆ لوک سائجھ فاؤنڈیشن کے تعاون سے ILOK پراجیکٹ نے Conversion Organic Cotton میں کنٹرول یونین سری لنکا سے ICI سرٹیفکیشن حاصل کی ہے۔ یہ پراجیکٹ جنوبی پنجاب میں 110,138 ایکڑ پر محیط ہے اور اس میں 2,000 کاشت کار شامل ہیں۔ آرگینک فارمنگ کی طرف منتقلی مقامی اور عالمی دونوں برادریوں کی معاشی بہبود کے لیے اہم ہے۔ ILOK پراجیکٹ نہ صرف زمین کی زرخیزی کا تحفظ کرتا ہے بلکہ کپاس کی مقامی آرگینک پیداوار کے ذریعے کاشت کاروں کو بااختیار بناتا ہے اور ماحولیاتی اثرات بھی کم کرتا ہے۔

انٹروپ، اعلیٰ معیار کی تعلیم کے مواقع اور صلاحیت کار کی تعمیر کے پروگراموں میں سرمایہ کاری کے ذریعے لیبر انڈسٹری کے معیارات کو بہتر بنانے کے لیے پرعزم ہے۔ ایسی ہی ایک کاوش انٹروپ اپریل پارک میں ہمارے ٹیکنیکل ٹریننگ سکول کا قیام ہے جو ہماری ورک فورس کو ان کی آپریشنل مہارتیں بڑھانے اور فیکٹری فلورز پر معیار کاری کی تربیت دیتا ہے۔

پائیدار مستقبل

انٹروپ ایک ایسے مستقبل کے لیے تیار ہے جس میں پائیدار، جدت اور ذمہ دارانہ طور پر لیتے نمایاں ہوں۔ ایک زیادہ پائیدار مستقبل کی طرف ہمارا سفر، برقرار رہنے والا عزم ہے اور ہم مستقبل کی نسلوں کی خوش حالی کو یقینی بناتے ہوئے اپنے ماحول اور لوگوں پر مثبت اثر ڈالنے کے لیے اپنے مشن پر بدستور ثابت قدم ہیں۔ ایک دیرپا مستقبل کی جانب اپنے مخلصانہ مشن میں ہم کامیابی سے جن اہم سنگ میل تک پہنچے ہیں، ان میں مندرجہ ذیل شامل ہیں:

☆ انٹروپ کو سالانہ ایونٹ؛ SDGs پاکستان سمٹ 2023 میں بڑے قومی کاروباری اداروں کی کیٹیگری میں Living the Global Compact Best Practices Sustainable Awards میں پہلا پرائز ملا۔ یو این گلوبل امپیکٹ، 160 سے زیادہ ملکوں میں 9,500 سے زائد کمپنیوں اور 3,000 غیر کاروباری دستخط کنندگان اور 60 سے زیادہ مقامی نیٹ ورکس کے ساتھ سب سے بڑی کارپوریٹ sustainability کاوش ہے۔ یہ ایوارڈ، پائیداری کے شعبہ میں ہمارے اپنی مثال آپ طور پر لائقوں کے اعتراف میں دیا گیا ہے۔

☆ انٹروپ، سائنسی بنیاد پر اہداف کو منظور کرنے والا پاکستان کا پہلا لارج سکیل انٹرا انڈسٹری میٹروپولیٹن کمیونٹی بھی بن چکی ہے۔ یہ اہداف جدید ترین ماحولیاتی سائنس کی بنیاد پر ہوتے ہیں اور اخراج کے مکمل set: سکوپ 1، 2 اور 3 کا احاطہ کرتے ہیں۔ یہ سنگ میل اپنے ماحولیاتی اثر کو روشن کرنے کی خاطر انٹروپ کے لیے ایک بڑی پیش رفت ہے، کیونکہ کمپنی decarbonization کی طرف بڑھ رہی ہے۔

☆ ایک اور بڑی کامیابی انٹروپ سپننگ سے جرمنی کو اپنی نوعیت کی پہلی farm-to-floor Traceable Yarns کی شپمنٹ تھی۔ لوپ ٹریس پراڈکٹ سے فارم کی سطح تک ایک سرے سے دوسرے سرے تک traceability فراہم کرنے کے لیے ہمارا ملکیتی ٹریس ایبلٹی سلوشن ہے۔ یہ ہمارے لوپ ٹریس پراجیکٹ کی طرف سے ممکن بنایا گیا، جس نے ہمیں سپلائی چین کی ٹریس ایبلٹی کو یقینی بنانے کا موقع دیا ہے۔

☆ انٹروپ زیادہ صاف ستھرے فیولز کے لیے اپنے متبادل آپشنز پر کام کرتے ہوئے پہلے ہی اپنے سسٹم میں 8 MW کی تنصیبی شمسی استعداد شامل کر چکی ہے اور اضافی 4.6 MW شامل کرنے کے عمل میں ہے۔ اس کے علاوہ ہم بھاپ پیدا کرنے کے لیے کونڈ کو تبدیل کر کے بائیو ماس ایندھن استعمال کرتے ہوئے، اپنی مثال آپ بائیو ماس سے چلنے والے بوائلر بھی نصب کر رہے ہیں۔

☆ انٹروپ لیڈ نے پانی کی کھپت اور وسائل پر اس کے اثر کو کم کرنے کے لیے خاطر خواہ اقدامات کیے ہیں۔ ایک قابل ذکر کاوش ہوزری پلانٹ-5 میں واٹری سائیکلنگ پلانٹ ہے، یہ اب آپریشنل ہے اور ہمارے پراسیس واٹر کی 100% ری سائیکلنگ کر رہا ہے۔ ہمارے بیشتر حالیہ آلات واشنگ کے لیے nano-bubble ٹیکنالوجی استعمال کرتے ہیں، جس سے پانی کے استعمال میں واضح کمی ہوتی ہے۔ ہوزری پلانٹ اور 15 اس ٹیکنالوجی کو استعمال کرتے ہوئے صفر مائع اخراج کے لیے بنائے گئے ہیں جو 2026 تک پانی کے استعمال میں 25% کمی کے ہمارے مقصد کی جانب ایک اہم قدم ہے۔

انٹرویو کافلڈریبلیف فنڈ بحرانی حالات میں لوگوں کی مدد کے لیے اس کا غیر میڈیکل عزم ظاہر کرتا ہے۔ یہ امدادی کاوش، کھانے کی فراہمی، صحت کے موبائل کلینکس کے قیام سمیت 16,820 سے زیادہ خاندانوں کے لیے امداد اور ساکھڑ، نواب شاہ، راجن پور، رکھنی، ٹھٹھہ، تونسہ، دادو، بارکھان اور بدین سمیت مختلف علاقوں میں موبائلیٹی کے چارے کی تقسیم پر محیط ہے۔

ہم نے پاکستان کے مختلف ہسپتالوں میں اندازاً 100,000 لاکھ مستحق مریضوں کو صحت عامہ کی مفت خدمات فراہم کیں اور ضروری طبی آلات فراہم کرتے ہوئے متعدد ہسپتالوں کی مدد کی۔

خواتین کو بااختیار بنانا

انٹرویو لمیٹڈ نے مسلمان صوفی کی شراکت داری کے ساتھ Women on Wheels (WOW) پروگرام متعارف کرایا۔ موٹر بائیک ٹریننگ، روڈ سیفٹی اور ہر سانی کے خلاف ورکشاپوں کے ذریعے یہ کوشش خواتین کو بااختیار بناتی ہے۔ یہ موٹر سائیکلوں کی خریداری کے لیے چھوٹے قرضوں تک رسائی، مالی اور نقل و حرکت کی آزادی کو فروغ دینے میں بھی سہولت کا باعث ہے۔ یہ پروگرام نقل و حرکت کے لیے سماجی و معاشی پابندیاں توڑنے اور انھیں معاشرے میں محفوظ طریقے سے کردار ادا کرنے کے قابل بنانے کے لیے 2,000 خواتین کو بااختیار بنانے کے لیے تیار کیا گیا ہے۔ اس وقت 1,100 سے زیادہ خواتین فعال طریقے سے اس تربیتی پروگرام میں مصروف ہیں۔ یہ کاوش، ایک ہمہ گیر، منصفانہ اور ترقی کرنے والا معاشرہ تعمیر کرنے کے لیے انٹرویو کے عزم کو ظاہر کرتی ہے۔

انٹرویو لمیٹڈ کی CSR کوششوں کے بارے میں مزید معلومات کے لیے برائے مہربانی سالانہ پائیداری رپورٹ ملاحظہ کیجئے۔

خطرات اور غیر یقینی

خطرات اور مواقع کے بارے میں سالانہ رپورٹ میں تفصیل سے ذکر کیا گیا ہے۔

رواں مالی سال کے دوران مادی تبدیلیاں

مالی سال 2023 اور اس رپورٹ کی تاریخ کے درمیان کوئی مادی تبدیلیاں اور ایسے وعدے نہیں ہوئے جن سے کمپنی کی مالی صورت حال متاثر ہو۔

کاروباری مشکلات اور مستقبل کا نقطہ نظر

جب تک ڈھانچہ جاتی اصلاحات نہیں کی جاتیں پاکستان کا کاروباری منظر نامہ غیر یقینی رہے گا۔ معاشی محاذ پر حکومت آئی ایم ایف کے بنیادی معیارات پورے کرنے کے لیے جن پر نومبر، 2023 میں اگلے جائزہ میں غور ہوگا، مسلسل توانائی کی قیمتیں بڑھ رہی ہے جس سے ملک کے اندر کاروبار کرنے کی لاگت میں قابل ذکر اضافہ ہوگا۔ علاوہ ازیں، عالمی نقطہ نظر بدستور غیر مستحکم ہے جو برآمدات سے منسلک صنعتوں کی کمائی کے امکانات کو متاثر کر رہا ہے۔

انٹرویو اپنے کسٹمرز اور بڑے سٹیک ہولڈرز کے بارے میں پر عزم ہے۔ کمپنی، اپنی نوعیت کی بہترین اور پائیدار پراڈکٹس پیش کرتی رہے گی۔ انتظامیہ، مشکل حالات کے باوجود اپنے توسیعی منصوبوں پر عمل کرنے کی خواہش مند ہے اور مالی سال 2024 کی دوسری سہ ماہی میں عمودی طور پر مربوط نیا اپیرل کمپلیکس قائم کرنے اور اپنے ننگ اپیرل بزنس میں پیش رفت کے لیے تیار ہے۔

صحت، تحفظ اور ماحول

انٹروپ، اپنی پیداواری فیسلٹیوں پر احتیاط کے ساتھ ماحولیاتی معیارات پر عمل کرتے ہوئے سب کے لیے ایک صحت مند ماحول کے تحفظ پر غیر متزلزل یقین رکھتی ہے۔ ہم اس ضمن میں اپنی اہم ذمہ داری کو تسلیم کرتے ہیں اور اپنے کاربن نقشہ پاکو کم اور ایسی کاوشوں پر عمل درآمد کرتے ہوئے جن سے پانی اور بجلی کی بچت ہو، پائیداری کو ترجیح دیتے ہیں۔ ذمہ دارانہ کاروباری طور طریقوں سے ہماری وابستگی ہماری پوری ویلیو چین تک پھیلی ہوئی ہے۔ کام کرنے کی ایک ایسی جگہ تخلیق کرنے کی تگ و دو کرتے ہوئے جو خوشی اور تحفظ و سلامتی کے حقیقی احساس کو فروغ دے، ہم نے خود کو ایک محفوظ ماحول مستحکم بنانے کے لیے وقف کر رکھا ہے۔ انٹروپ کے انوائزمنٹ، ہیلتھ اینڈ سیفٹی (EHS) ڈیپارٹمنٹ نے ان اصولوں سے رہنمائی حاصل کرتے ہوئے، صنعتی حادثات کی روک تھام، اپنے ساتھیوں کی بہبود کو یقینی بنانے اور تمام ملازمین کا لازمی سالانہ طبی معائنہ کرانے اور صحت کے معیاری طریقوں سے کسی انحراف کی نشان دہی پر فوری کارروائی کے لیے پالیسیاں وضع کی ہیں۔

Corporate Social Responsibility (CSR)

اثر انگیز CSR کاوشوں کی ایک متنوع رینج کے ذریعے ہمارا مقصد اپنے دائرہ اثر میں ایک ایسا مثبت ماحول پیدا کرنا ہے جس سے ہمارے پر خلوص ملازمین اور ہمارے کمیونیز کو فائدہ ہو۔ کاروباری طور طریقوں کی پائیداری کو فروغ دینے سے لے کر تنوع اور ہمہ گیری کو آگے بڑھانے تک ہماری ہر کوشش کی جڑیں ہمارے مقصد فرق ڈالنے میں پیوست ہیں۔ CSR عزم کے بارے میں بصیرت فراہم کرتے ہوئے کچھ قابل ذکر کاوشیں مندرجہ ذیل ہیں:

نوجوانوں کی تعلیم اور بہبود کا عزم

ہم، دی سٹیٹن فاؤنڈیشن (TCF) کی شراکت داری سے 5,000 کم مراعات یافتہ بچوں کو، جن میں 50% لڑکیاں ہیں، 34 ٹی سی ایف۔ انٹروپ سکولوں میں معیاری باکفایت تعلیم فراہم کر رہے ہیں جو پرائمری، سیکنڈری اور ہائر سیکنڈری لیولز کے سکول ہیں۔ مزید برآں، اس وقت تین اضافی TCF سکول زیر تعمیر ہیں، جن سے ہماری رسائی اور دائرہ اثر مزید وسیع ہو جائے گا۔

ہم نے اللہ والے ٹرسٹ کی شراکت داری سے ایک پروگرام شروع کیا جس کا مقصد لاہور میں پرائمری سکول کے بچوں کو مفت کھانا فراہم کرنا ہے، اس سے ان کی صحت، تعلیمی کارکردگی اور جذباتی بہبود پر مثبت اثر پڑ رہا ہے۔ اس وقت گورنمنٹ پرائمری سکول، حسن واکوٹ میں 231 طلبہ اس کاوش سے فائدہ اٹھا رہے ہیں اور انھیں دوپہر کو صحت بخش کھانا مل رہا ہے۔ اس کاوش کو بڑھاتے ہوئے اب ہم نے اپنی رسائی کو فیصل آباد تک وسیع کیا ہے، جہاں ہم چھ اضافی سکولوں کی مدد کریں گے۔

اس کے علاوہ ہم نے گوجرانوالہ میں یتیم بچوں کی مدد پر توجہ مرکوز کرتے ہوئے روشنی ہومز ٹرسٹ کے ساتھ تعاون کیا۔ ہم بچوں کو تعلیم اور محفوظ ماحول فراہم کرنے کی اہمیت کو تسلیم کرتے ہیں جس کا مقصد انھیں اپنے پاؤں پر کھڑا کرنا اور معاشرے کے مفید شہری بنانا ہے۔ یہ تعاون نہ صرف مالی مدد فراہم کرتا ہے بلکہ بچوں کی تعلیمی، جسمانی اور نفسیاتی افزائش سے وابستہ روشن مستقبل کی امید کو بھی جلا بخشتا ہے۔

ہمیں مختلف اداروں میں سالانہ وظائف کے ذریعے 650 نوجوان مردوں اور عورتوں کو اعلیٰ اور فنی تعلیم تک رسائی فراہم کرنے پر فخر ہے۔

صحت

انٹروپ، پنجاب کے کپاس پیدا کرنے والے علاقوں میں صحت عامہ تک رسائی بڑھانے کے لیے کام کر رہی ہے۔ کمپنی، لوک سائینس فاؤنڈیشن کے تعاون سے صحت عامہ کی اہم خدمات اور دوائیں فراہم کرتے ہوئے خصوصی موبائل کلینکس کے ذریعے موبائل ہیلتھ سروسز میں مدد دیتی ہے۔ اس کے علاوہ انٹروپ، ملازمین اور مقامی لوگوں، دونوں کے لیے معلوماتی اجلاسوں، سمپوزیٹمز اور سکریننگ کیپیموں کا انتظام کرتی ہے جس سے اجتماعی بہتری کے لیے جامع سوچ اجاگر ہوتی ہے۔

کارپوریٹ بریفنگ سیشنز (CBS)

کریڈٹ ریٹنگ

انتظامیہ، مالی معلومات میں شفافیت اور اعتبار کو یقینی بنانے کا پختہ عزم رکھتی ہے۔ انٹروپ نے اس عزم کے حصہ کے طور پر پاکستان میں آزادانہ ریٹنگ سروسز پیش کرنے والی ایک اچھی شہرت کی حامل ریٹنگ ایجنسی VIS کریڈٹ ریٹنگ کمپنی لمیٹڈ (VIS) کی خدمات حاصل کیں۔ VIS نے مورخہ 10 مئی، 2023 کو جاری کیے جانے والے ایک پریس ریلیز میں ILP کو 'A+/A-1' (Single A plus/Single A One) کی ابتدائی entity ریٹنگ دی۔ ان ریٹنگ کے لیے نقطہ نظر "طویل المدت مستحکم" ہے۔

تفویض کردہ ریٹنگ، انٹروپ کی مستحکم مالی پوزیشن، مضبوط بنیادوں پر استوار سرمائے کے ڈھانچے، کم سے کم متوقع کریڈٹ رسک اور مالی ذمہ داریوں کو بروقت پورا کرنے کی طاقت و صلاحیت کی درست عکاسی کرتی ہیں۔ یہ استعداد متوقع ایونٹس کے لیے کسی بڑی کمزوری کو ظاہر نہیں کرتی۔

ایمپلائسٹاک آپشن سکیم

کمپنی نے پبلک کمپنیز (ایمپلائسٹاک آپشن سکیم) رولز، 2001 (منسوخ شدہ) پر عمل کرتے ہوئے اپنے مستحق ایگزیکٹوز کو کمپنی کے شیئرز پیش کرنے کے لیے انھیں سٹیک ہولڈرز سے شیئرز ہولڈرز میں تبدیل کرنے کی خاطر "انٹروپ لمیٹڈ ایمپلائسٹاک آپشن سکیم، 2016 (ESOS یا سکیم)" متعارف کروائی۔ یہ سکیم چک دار اور رضا کارانہ ہے اور اس کا محور ملازمین کی طویل المدت ترقی اور خوش حالی ہے۔ ESOS کے تحت یہ شیئرز ہر لحاظ سے کمپنی کے موجودہ آرڈینری شیئرز کے برابر ہیں۔

ہم اپنے ملازمین کو اپنا سب سے قیمتی اثاثہ سمجھتے ہیں اور ہم ان کا عزم اور کوششیں برقرار رکھنے کے لیے انھیں سازگار ماحول کی فراہمی اور ان میں احساس تحفظ پیدا کرنے پر پختہ یقین رکھتے ہیں۔ اصل میں اس سکیم کی منظوری ممبرز کی طرف سے 31 دسمبر، 2015 کو منعقدہ اجلاس میں اور ایس ای سی پی کی طرف سے اس کے مکتوب نمبر SMD/CIW/ESOS/01/2016 مورخہ 01 ستمبر، 2016 کے ذریعے دی گئی تھی۔ اس کے بعد سال 2019 کے دوران کمپنی کے سٹاک کے پاکستان سٹاک ایکچینج میں اندراج پر کمپنی کے شیئرز ہولڈرز کی طرف سے 15 اکتوبر، 2020 کو منعقدہ اجلاس میں اور ایس ای سی پی کی طرف سے اس کے مکتوب نمبر SMD/CIW/ESOS/01/2016/184 مورخہ 25 فروری، 2021 کے ذریعے لسٹڈ کمپنیز ریگولیشنز کے حوالے سے اس سکیم میں بعض ترامیم کی گئیں۔

اس سکیم کا بنیادی مقصد، کمپنی کے مینجمنٹ اینڈ ایگزیکٹوز اور ایگزیکٹوز کو ترغیبات فراہم کرنا ہے جس سے انھیں بالآخر کمپنی کی ملکیت کا احساس حاصل ہوگا اور کمپنی کی مجموعی نمو کی سمت میں زیادہ کارکردگی دکھانے کی حوصلہ افزائی ہوگی۔ معاوضہ کمیٹی، ایسے مستحق ملازمین کے بارے میں جو تاریخ استحقاق سے پچھلے مالی سال میں اس آپشن کے مستحق ہیں، اور مجوزہ شرائط و ضوابط اور ہر آپشن کی مقدار کا تعین کرے گی اور بورڈ آف ڈائریکٹرز کو سفارش کرے گی جو دوسرے ایسے تقاضوں اور طریقوں سے مشروط ہوگی، جیسا کہ کمپنی وقتاً فوقتاً تجویز کرے گی۔

ڈائریکٹر صاحبان کی رپورٹ

انٹرنیٹ لمیٹڈ ("دی کمپنی" یا "ILP") کے بورڈ آف ڈائریکٹرز کو آڈٹ شدہ مالی گوشواروں مع آڈیٹرز رپورٹ کے ساتھ 30 جون، 2023 کو ختم ہونے والے مالی سال کی سالانہ رپورٹ پیش کرتے ہوئے خوشی ہو رہی ہے۔

معاشی اور صنعتی جائزہ

مالی سال 2023 عالمی معیشت کے لئے ایک اور مشکل سال ثابت ہوا، کیونکہ یہ سنبھلتی ہوئی نمو اور مہنگائی میں بلا روک ٹوک اضافے کی روک تھام کے نازک توازن کے نرغے میں رہا۔ مہنگائی کا یہ دباؤ بنیادی طور پر سپلائی چین میں خلل، طویل روس یوکرین تنازع اور مالی سال کی پہلی دوسہ ماہیوں کے دوران صارفین کی مانگ پر دباؤ کا نتیجہ ہے۔ اس کے علاوہ معاشی انحطاط کو روکنے کے لیے مرکزی بینک کی مالیاتی پالیسیاں معاشی سرگرمی پر مزید بوجھ ڈال رہی ہیں۔

بنیادی طور پر ایک مشکل مجموعی معاشی ماحول اور ماحولیاتی تباہ کاریوں کی وجہ سے مالی سال 2023 کے پورے عرصہ میں پاکستانی معیشت کی نمو کے امکانات کم رہے اور عالمی معاشی سست روی سے یہ صورت حال مزید گھمبیر ہو گئی۔ مالی سال 2023 میں پاکستان کی مجموعی قومی پیداوار میں %0.29 افزائش ہوئی۔ پاکستان کے زرمبادلہ کے ذخائر کم ہو کر 5.4 بلین امریکی ڈالر رہ گئے جس کے باعث مالی سال 2023 میں امریکی ڈالر کے مقابلے میں پاکستانی روپیہ (PKR) کی قدر %39.6 کم ہو گئی۔ اس کے ساتھ توانائی اور کھانے پینے کی اشیاء کی بڑھتی ہوئی قیمتوں نے مالی سال 2022 میں %12.2 کے مقابلے میں مالی سال 2023 میں سال بہ سال مہنگائی کی %29.2 شرح کی راہ ہمواری جو کنزیومر پرائس انڈیکس (CPI) کی بنیاد پر کئی سالوں میں مہنگائی کی بہت زیادہ شرح ہے۔ نتیجتاً سٹیٹ بینک (SBP) نے اپنی مانیٹری پالیسی کی سخت گرفت کو برقرار رکھا اور شرح سود %22.0 تک بڑھادی۔ حکومت نے سخت درآمدی پابندیاں عائد کیں اور درآمدات میں %27.3 کی خاطر خواہ کمی لاتے ہوئے تجارتی خسارہ %38.3 کم کر دیا۔ مالی سال 2023 میں برآمدات %14.1 گر گئیں اور کارکنوں کی ترسیلات زر میں بھی سال کی بنیاد پر %13.6 کمی آئی۔

مالی سال 2023 میں پاکستان کی ٹیکسٹائل کا شعبہ بھی "مینوفیکچرنگ" سیکٹر کی مجموعی صورت حال کے ساتھ گراؤ کا شکار رہا۔ ادارہ شماریات پاکستان (PBS) کے مطابق ٹیکسٹائل کی صنعت کی برآمدات میں سال کی بنیاد پر %14.6 کی بڑی کمی آئی، اس کی مالیت %16.5 بلین امریکی ڈالر بنتی ہے، اس انحطاط کو بنیادی طور پر تباہ کن سیلابوں کے بعد مقامی کپاس کی محدود دستیابی، درآمدی پابندیوں اور امریکا و یورپ سے مانگ میں کمی جیسے محرکات سے منسوب کیا جاتا ہے۔ ویلیو ایڈیڈ سگمنٹ میں، نٹ وئرز جس کا برآمدات میں سب سے بڑا حصہ ہے، اسی عرصہ میں %10 کی مقداری افزائش کے باوجود سال کی بنیاد پر %13.4 کی کمی آئی جس کی مالیت %4.4 بلین امریکی ڈالر بنتی ہے۔ ریڈی میڈ گارمنٹس اور بیڈ وئرز کی برآمدات بھی سال بہ سال %10.6 اور %18.3 کم ہو گئیں یہ مالیت بالترتیب %3.5 بلین اور %2.7 بلین امریکی ڈالر بنتی ہے۔ ورلڈ ٹریڈ آرگنائزیشن رپورٹ میں شائع کردہ تازہ ترین اعداد و شمار کے مطابق، پاکستان عالمی سطح پر ٹیکسٹائل کے دس بڑے برآمد کنندگان میں اپنی پوزیشن برقرار رکھے ہوئے ہے، تاہم، پچھلی ایک دہائی کے دوران اس کا مارکیٹ کا حصہ %3.0 سے %2.6 پر آ گیا ہے۔ غیر مسابقتی صنعتی پالیسیوں، جدت کے فقدان اور غیر مستحکم مجموعی معاشی ماحول کے باعث ویلیو ایڈیڈ ٹیکسٹائلز میں پاکستان کا حصہ اور بھی کم ہو کر %1.1 ہو گیا۔

مالیاتی اور کاروباری کارکردگی

بنیادی طور پر سیاسی اور معاشی غیر یقینی، سیلابوں، اخراجات جاریہ کے بڑھتے ہوئے خسارے، کرنسی کی قیمت میں کمی، بڑھتے ہوئے غیر ملکی قرضے اور پاکستان میں کم ہوتے ہوئے ذخائر کے باعث 2023 کے مالی سال میں پاکستان کو متعدد مشکلات کا سامنا رہا۔ سٹیٹ بینک آف پاکستان (SBP) نے مہنگائی پر قابو پانے کے لیے سود کی شرحوں میں تیزی سے اضافہ کرتے ہوئے مداخلت کی اور غیر ملکی کرنسی کے ذخائر میں کمی کو روکنے کی کوشش میں درآمدات پر مختلف پابندیاں لگا دیں، جن سے معاشی سرگرمی مزید محدود ہو گئی۔

کمپنی نے مالی سال 2023 کے دوران خاصی مشکلات کے باوجود بہت اچھی کارکردگی دکھائی اور اس سے پچھلے سال 90,894 ملین پاکستانی روپے کے مقابلے میں 119,200 ملین پاکستانی روپے کا اب تک کا بلند ترین سیلر ریونیو حاصل کرتے ہوئے غیر معمولی نتائج دیئے۔ مال کی لاگتوں اور مینوفیکچرنگ کے اخراجات میں مسلسل اضافہ کے رجحان کے باوجود مصنوعات کی تیاری میں کاملیت حاصل کرنے کے لیے انتظامیہ کے عزم نے کمپنی کو مجموعی منافع %53 کی خاطر خواہ حد تک بڑھانے کی راہ ہموار کی جس کی

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, the requirements of the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements:

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is Syed Aftab Hameed - FCA.

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017,
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Basis of measurement

2.3 Functional and presentation currency

These financial statements are presented in Pakistani Rupee which is also the Company's functional currency.

3. NEW AND REVISED STANDARDS, INTERPRETATIONS AND PRONOUNCEMENTS

3.1 Standards, interpretations and amendments to approved accounting standards which became effective during the year

There were certain amendments to accounting and reporting standards which became effective during the year. The Company has adopted the following accounting standards and the amendments and interpretation of IFRSs which became effective for the current year:

- **Amendment to IAS 16 'Property, Plant and Equipment' - Proceeds before Intended Use (effective for annual period beginning on or after January 01, 2022):**

The amendment prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the cost of producing those items, in profit or loss. The adoption of amendment did not have any impact on the Company's financial statements.

- **Amendment to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets' - Onerous Contracts - Cost of Fulfilling a Contract (effective for annual period beginning on or after January 01, 2022):**

The amendment specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The adoption of amendment did not have any impact on the Company's financial statements.

– **Amendments to IFRS 3, 'Business Combinations' - Reference to the Conceptual Framework (effective for the Company's annual period beginning on January 01, 2022):**

The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989 with a reference to the Conceptual Framework for Financial Reporting, that was issued in March 2018, without significantly changing its requirements. In addition, the Board added an exception to the recognition principle of IFRS 3 to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities and it clarified existing guidance in IFRS 3 for contingent assets. The adoption of amendment did not have any impact on the Company's financial statements.

– **Annual Improvements to IFRS Standards 2018–2020 Cycle. The new cycle of improvements addresses improvements to following approved accounting standards (effective for annual period beginning on or after January 01, 2022):**

- IFRS 1 First-time Adoption of International Financial Reporting Standards. This amendment simplifies the application of IFRS 1 for a subsidiary that becomes a first-time adopter of IFRS Standards later than its parent – i.e. if a subsidiary adopts IFRS Standards later than its parent and applies IFRS 1.D16(a), then a subsidiary may elect to measure cumulative translation differences for all foreign operations at amounts included in the consolidated financial statements of the parent, based on the parent's date of transition to IFRS Standards. The adoption of the improvement did not have any impact on the Company's financial statements.
- IFRS 9 Financial Instruments. The amendment clarifies which fees an entity includes when it applies the '10 percent' test in assessing whether to derecognize a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf. The adoption of the improvement did not have any impact on the Company's financial statements.
- IAS 41 Agriculture. The amendment removes the requirement for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique. This will ensure consistency with the requirements in IFRS 13 - Fair Value Measurement. The adoption of the improvement did not have any impact on the Company's financial statements.

3.2 Standards, interpretations and amendments to approved accounting standards that are issued but not yet effective and have not been early adopted by the Company

The following standards, amendments and interpretations with respect to the approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below and have not been adopted early by the Company.

– **Amendments to IAS 1, 'Presentation of financial statements' and IFRS Practice Statement 2- Disclosure of Accounting Policies (effective for the Company's annual period beginning on January 01, 2023):**

The amendments require that an entity discloses its material accounting policies, instead of its significant accounting policies. Further amendments explain how an entity can identify a material accounting policy. Examples of when an accounting policy is likely to be material are added. To support the amendment, the Board has also developed guidance and examples to explain and demonstrate the application of the 'four-step materiality process' described in IFRS Practice Statement 2.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

- **Amendments to IAS 1, 'Presentation of financial statements' - Classification of Liabilities as Current or Non-current (effective for the Company's annual period beginning on January 01, 2023):**

The amendments specify that the conditions which exist at the end of the reporting period are those which will be used to determine if a right to defer settlement of a liability exists. Management expectations about events after the reporting date, for example on whether a covenant will be breached, or whether early settlement will take place, are not relevant. The amendments clarify the situations that are considered settlement of a liability.

- **Amendments to IAS 8, 'Accounting policies, changes in accounting estimates and errors' - Definition of Accounting Estimates (effective for the Company's annual period beginning on January 01, 2023):**

The amendments replace the definition of a change in accounting estimates with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The amendments clarify that a change in accounting estimate that results from new information or new developments is not the correction of an error.

- **IAS 12 Income Taxes - Amendments regarding deferred tax on leases and decommissioning obligations (Effective for annual periods beginning on or after 1 January 2023):**

The main change in Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12) is an exemption from the initial recognition exemption provided in IAS 12. Accordingly, the initial recognition exemption does not apply to transactions in which equal amounts of deductible and taxable temporary differences arise on initial recognition.

- **Amendments to IFRS 16, 'Leases' - Sale and leaseback transactions (Effective for annual periods beginning on or after 1 January 2024):**

Amendments impact how a seller-lessee accounts for variable lease payments that arise in a sale-and-leaseback transaction. On initial recognition, the seller-lessee includes variable lease payments when it measures a lease liability arising from a sale-and-leaseback transaction. After initial recognition, the seller-lessee applies the general requirements for subsequent accounting of the lease liability such that it recognizes no gain or loss relating to the right of use it retains. The amendments introduce a new accounting model for variable payments and will require seller-lessees to reassess and potentially restate sale-and-leaseback transactions entered.

The Company expects that the adoption of the above amendments to the standards will have no material effect on the Company's financial statements, in the period of their initial application.

Further, the following new standards have been issued by the International Accounting Standards Board (IASB), which are yet to be notified by the Securities and Exchange Commission of Pakistan (SECP), for the purposes of their applicability in Pakistan:

IFRS - 1 'First time adoption of International Financial Reporting Standards'.
IFRS - 17 'Insurance Contracts'.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with the approved accounting standards require management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised if the revision affects only that period, or in the period

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

of the revision and future periods. Judgments made by management in application of the approved accounting standards that have significant effect on the financial statements and estimates with a significant risk of material adjustments in the next year are discussed in respective policy notes. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgment was exercised in application of accounting policies are as follows:

- Estimate of useful life of operating fixed assets - note 5.1
- Estimated useful life of intangible assets - note 5.3
- Impairment of non-financial assets - note 5.4
- Stores and spares - note 5.5
- Stock-in-trade - note 5.6
- Estimates for expected credit loss (ECL) of financial assets i.e. trade debts and other receivables- note 5.7
- Estimation used in right of use asset and corresponding lease liability - note 5.9
- Staff retirement benefits - note 5.11
- Provisions - note 5.16
- Contingencies - note 5.17
- Estimates as to expected value or most likely amount method for determination of variable consideration of transaction price - note 5.19
- Taxation - note 5.21
- Derivative financial instruments - note 5.26
- Impairment of Financial Assets - note 5.26

5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

5.1 Operating fixed assets and depreciation

Operating fixed assets, except freehold land which is stated at cost, are stated at cost less accumulated depreciation and identified accumulated impairment loss, if any. Cost comprises acquisition and other directly attributable costs.

Depreciation is calculated at the rates stated in note - 6.1 applying reducing balance method. The useful life and residual value of major components of operating fixed assets are reviewed annually to determine that expectations are not significantly different from the previous estimates. Adjustment in depreciation rate for current and future periods is made if expectations are significantly different from the previous estimates. Depreciation is charged from the month when an asset becomes available for use, whereas no depreciation is charged in the month of its disposal.

Expenditure, which enhances or extends the performance of operating fixed assets beyond its original specification and its useful life, is recognized as a capital expenditure and is added to the cost of the operating fixed assets. These are depreciated on reducing balance method at the rate mentioned in note - 6.1.

An item of operating fixed asset and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising on derecognition of an item of operating fixed asset is determined as the difference between the sales proceeds and the carrying amounts of the asset and is recognized in the statement of profit or loss.

5.2 Capital work in progress

Capital work in progress is stated at cost less identified impairment loss, if any, and represents direct cost of material, labour, applicable overheads and borrowing costs on qualifying assets. Transfers are made to relevant property, plant and equipment category as and when assets are available for its intended use.

5.3 Intangible assets - Computer software

Intangible assets are stated at cost less accumulated amortization and identified accumulated impairment loss, if any. These are amortized using the reducing balance method at the rates given in note - 7.1. Amortization on additions is charged from the month in which an intangible asset is acquired, while no amortization is charged for the month in which intangible asset is disposed off.

Costs associated with maintaining computer software program are recognized as an expense as and when incurred. Costs that are directly attributable to identifiable software and have probable economic

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

benefits exceeding one year, are recognized as an intangible asset at the time of initial recognition. Direct costs include the purchase cost of software and related overhead costs.

Expenditure, which enhances or extends the performance of computer software beyond its original specification and useful life, is recognized as a capital expenditure and added to the cost of the software. These are amortized on reducing balance method at the rate mentioned in the relevant note.

5.3.1 Development costs

Development costs that are directly attributable to the design and testing of identifiable and unique software products controlled by the Company are recognized as development cost in intangible assets. Directly attributable costs that are capitalized as part of the software include advance payments for the software. Capitalized development costs are recorded as intangible assets and amortized from the point at which the asset is ready for use.

5.4 Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets, other than stock in trade and stores & spares, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated. For goodwill and intangible assets that have indefinite lives or that are not yet available for use, recoverable amount is estimated at each reporting date.

An impairment loss is recognized if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash-generating unit is the smallest identifiable asset group that generates cash flows that largely are independent from other assets and groups.

Impairment losses are recognized in profit or loss. Impairment losses recognized in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets of the unit on a pro-rata basis. Impairment losses on goodwill shall not be reversed.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. Prior impairments of non-financial assets are reviewed for possible reversal at each reporting date.

5.5 Stores and spares

Stores and spares are carried at moving average cost. Provision is made for slow moving and obsolete store items when so identified. Stores and spares held for capital expenditure are included in capital work in progress.

5.6 Stock-in-trade

These are stated at the lower of cost and net realizable value (NRV). The methods used for the calculation of cost are as follows:

Raw material - At factory	Moving average cost
- In transit	Invoice value plus direct charges in respect thereof.
Work in process and finished goods	Prime cost including a proportion of production overheads.

Wastes are valued at net realizable value.

Stock-in-trade is regularly reviewed by the management and any obsolete items are brought down to their net realizable value. Net realizable value signifies the selling price in the ordinary course of business less costs necessary to be incurred to affect such sale.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

5.7 Trade debts and other receivables

Trade debts are recognized and carried at the original invoice amounts, being the fair value, less loss allowance, if any. For measurement of loss allowance for trade debts, the Company applies IFRS 9 simplified approach to measure the expected credit losses.

Other receivables are recognized at amortized cost, less any allowance for expected credit losses.

5.8 Cash and cash equivalents

Cash and cash equivalents comprise of cash in hand, cheques in hand/cheques overdrawn, balances with banks and include short term highly liquid investments with original maturities of three months or less. The cash and cash equivalents are readily convertible to known amount of cash and are subject to insignificant risk of change in value.

5.9 Leases

Right of use assets

At inception, the Company assesses whether a contract is or contains a lease. This assessment involves the exercise of judgement about whether the Company obtains substantially all the economic benefits from the use of the asset and whether the Company has a right to direct the use of the asset. The Company recognizes right of use assets (RoU) at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right of use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of RoU includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

Unless the Company is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognized right of use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. Depreciation of RoU is charged to statement of profit or loss. Residual value and the useful life of an RoU are reviewed at least at each financial year-end and the impact on depreciation is adjusted in the statement of profit or loss. Depreciation on additions to RoU is charged from the month in which an asset is acquired, while no depreciation is charged for the month in which the asset is disposed off.

Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

The related payment obligations, net of finance costs are classified as current and long term liability depending upon the timing of the payment.

In calculating the present value of lease payments, the Company uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

Each lease payment is allocated between the liability and finance cost so as to achieve a constant rate on the balance outstanding. The interest element of the rental is charged to statement of profit or loss over the lease term.

Payments associated with short-term leases and leases of low-value assets are recognized on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less and leases of low value items.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

5.10 Share capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

5.11 Staff retirement benefits

The Company operates an unfunded gratuity scheme for all its employees (executives and non executives) and also a contributory provident fund for only executive employees of the Company. Executive employees of the Company can avail contributory provident fund along with 50% of their entitlement for gratuity.

(a) Defined Benefit Plan

The Company operates an unfunded gratuity scheme for all its employees according to the terms of employment, subject to a minimum qualifying period of service. Annual provision is made on the basis of actuarial valuation to cover obligations under the scheme for all employees eligible to gratuity benefits.

The cost of providing benefits is determined using the projected unit credit method, with actuarial valuation being carried out at each reporting date. Remeasurement of net defined benefit liability, which comprise of actuarial gains and losses i.e. experience adjustments and the effects of changes in actuarial assumptions, are recognized immediately in other comprehensive income. The Company determines net interest expense/(income) on the defined benefit obligation for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to then-net defined benefit, taking into account any change in the net defined benefit obligation during the period as a result of contributions and benefit payments. Net interest expense and other expenses e.g. current service cost, related to defined benefit plans are recognized in statement of profit or loss.

(b) Defined Contribution Plan

There is also a contributory provident fund for only executive staff of the Company for which contributions are charged to profit or loss as and when incurred.

The Company makes monthly contribution to the fund at the rate of 7.5% whereas employees of the Company have the option to contribute more than 7.5% but not exceeding 12.5% of his/her monthly basic pay with the written approval of the Board. The assets of the fund are held separately under the control of trustees.

5.12 Employees' Share Option Scheme (ESOS)

Equity settled share based payments to the employees are measured at fair value at grant date. The fair value determined at grant date of equity settled share based payments is recognized as an employee compensation expense on a straight line basis over the vesting period.

Fair value is measured using the Black-Scholes Pricing model. The expected life used in the model has been adjusted, based on the management's best estimate for the effects of exercise restrictions.

When a vested option lapses on expiry of exercise period, employee compensation expense already recognized in statement of profit and loss is transferred to unappropriated profit from employee share option compensation reserve in the statement of changes in equity.

When options are exercised, employee share option compensation reserve relating to these options is transferred to share capital and share premium. An amount equivalent to the face value of related shares is transferred to share capital. Any amount over and above the share capital is transferred to share premium.

5.13 Government grants

Government grants are transfers of resources to an entity by a government entity in return for compliance with certain past or future conditions related to the entity's operating activities - e.g. a government subsidy. The definition of "government" refers to governments, government agencies and similar bodies, whether local, national or international.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

The Company recognizes government grants when there is reasonable assurance that grants will be received and the Company will be able to comply with conditions associated with grants. Government grants are recognized at fair value, as deferred income, when there is reasonable assurance that the grants will be received and the Company will be able to comply with the conditions associated with the grants.

Grants that compensate the Company for expenses incurred, are recognized on a systematic basis in the income for the year in which the related expenses are recognized. Grants that compensate for the cost of an asset are recognized in income on a systematic basis over the expected useful life of the related asset.

Government grant includes any benefit earned on account of a government loan obtained at below-market rate of interest. The loan is initially recognized and subsequently measured in accordance with IFRS 9. IFRS 9 requires loans at below-market rates to be initially measured at their fair value - e.g. the present value of the expected future cash flows discounted at a market-related interest rate. The benefit that is the government grant is measured as the difference between the fair value of the loan on initial recognition and the amount received, which is accounted for according to the nature of the grant.

5.14 Trade and other payables

Liabilities for trade and other payables are carried at their amortized cost, which approximate fair value of the consideration to be paid in future for goods and services received, whether or not billed to the Company. Exchange gains and losses arising on translation in respect of liabilities in foreign currency are added to the carrying amount of the respective liabilities.

5.15 Contract liabilities

Contract liability is the obligation of the Company to transfer goods to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company transfers goods, a contract liability is recognized when the payment is made. Contract liabilities are recognized as revenue when the Company performs its performance obligations under the contract.

5.16 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provisions are reversed.

5.17 Contingencies

The Company reviews the status of all pending litigations and claims against the Company. Based on the judgment and the advice of the legal advisors for the estimated financial outcome, appropriate disclosure or provision is made. The actual outcome of these litigations and claims can have an effect on the carrying amounts of the liabilities recognized at the statement of financial position date.

5.18 Foreign currency translation

Transactions in foreign currency during the period are initially recorded in the functional currency at the rate prevailing at the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at functional currency at the rate of exchange prevailing at the reporting date. All non-monetary assets and liabilities are translated into rupees at exchange rates prevailing on the date of transaction or on date when fair values are determined. Exchange differences are charged to statement of profit or loss.

5.19 Revenue recognition

Revenue is recognized at an amount that reflects the consideration to which the Company is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the Company: identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and recognizes revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

Variable consideration within the transaction price, if any, reflects concessions provided to the customer such as discounts, rebates and refunds, any potential bonuses receivable from the customer and any other contingent events. Such estimates are determined using either the 'expected value' or 'most likely amount' method. The measurement of variable consideration is subject to a constraining principle whereby revenue will only be recognized to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur. The measurement constraint continues until the uncertainty associated with the variable consideration is subsequently resolved. Amounts received that are subject to the constraining principle are initially recognized as deferred revenue in the form of a separate refund liability.

a) **Sale of goods**

Revenue from the sale of goods is recognized at the point in time when the customer obtains control of the goods, which is generally at the time of delivery. Otherwise, control is transferred over time and revenue is recognized over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs;
- the Company's performance creates and enhances an asset that the customer controls as the Company performs; or
- the Company's performance does not create an asset with an alternative use to the Company and the Company has an enforceable right to payment for performance completed to date.

b) **Rendering of services**

Revenue from a contract to provide services is recognized over time as the services are rendered.

c) **Interest income**

Interest income is recognized as interest accrues using the effective interest method. This is a method of calculating the amortized cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

d) **Other revenue**

Other revenue is recognized when it is received or when the right to receive payment is established.

5.20 **Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time when the assets are substantially ready for their intended use or sale. All other borrowing costs are charged to statement of profit or loss in the period of as and when incurred.

5.21 **Taxation**

Current

The charge for current taxation is based on taxable income at current rates of taxation after taking into account tax credits, rebates and exemptions available, if any. However, for income covered under Final Taxation Regime (FTR), taxation is based on the applicable tax rates under such Regime. The charge for current tax also includes adjustments, where considered necessary, and the tax assessed from assessments framed during the year for such years is over/under the provision of tax then made.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

Deferred

Deferred tax is accounted for using the statement of financial position method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax basis used in the computation of taxable income. Deferred tax is calculated by using the tax rates enacted at the reporting date. In this regard, the effect on deferred taxation of the portion of income subjected to Final Tax Regime is adjusted in accordance with the requirements of Accounting Technical Release – 27 of the Institute of Chartered Accountants of Pakistan, if considered material. However, no provision of deferred tax is made/required where the whole income of the Company arises and comes under the ambit of Final Tax Regime (FTR).

Deferred tax liability is recognized for all taxable temporary differences and deferred tax asset is recognized for all deductible temporary differences and carry forward of unused tax losses and unused tax credits, if any, to the extent that it is probable that future taxable profit will be available against which these can be utilized.

Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and level of future taxable profits together with future tax planning strategies.

5.22 Earnings per share

The Company presents basic and diluted earnings per share (EPS) for its ordinary shares. Basic EPS is calculated by dividing the profit by weighted average number of shares outstanding during the period. Diluted EPS is calculated by adjusting for the effects of all dilutive potential ordinary shares.

5.23 Dividend

Dividend is recognized as a liability in the period in which it is declared. Movement in reserves is recognized in the year in which it is approved.

Final dividend distributions to the Company's shareholders are recognised as a liability in the financial statements in the period in which the dividends are approved by the Company's shareholders at the Annual General Meeting, while interim dividend distributions are recognised in the period in which the dividends are declared by the Board of Directors.

5.24 Segment reporting

Segment reporting is based on the operating (business) segments of the Company. An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to the transactions with any of the Company's other components. An operating segment's operating results are reviewed regularly by the chief operating decision maker ('CODM') to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available. The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors of the Company that makes the strategic decisions.

Segment results that are reported to the CODM include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Those incomes, expenses, assets, liabilities and other balances which cannot be allocated to a particular segment on a reasonable basis are reported as unallocated.

Transactions among the business segments are recorded at cost. Inter segment sales and purchases are eliminated from the total.

5.25 Related party transactions

All transactions with related parties are carried out at arm's length prices. Each transaction is evaluated to be characterized as an "arm's length transaction" and approximated to the arm's length criteria using one of the following methodologies:

- Market-based pricing
- Negotiated pricing
- Cost-based pricing

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

5.26 Financial Instruments:

5.26.1 Financial assets

A financial asset is measured at amortized cost if it is held in order to collect contractual cash flows which arise on specified dates and that are 'solely payment of principal and interest (SPPI)' on the principal amount outstanding. A debt investment is measured at fair value through other comprehensive income if it is held in order to collect contractual cash flows which arise on specified dates that are solely principal and interest and as well as selling the asset on the basis of its fair value. All other financial assets are classified and measured at fair value through profit or loss unless the Company makes an irrevocable election on initial recognition to present gains and losses on equity instruments in other comprehensive income. Despite these requirements, a financial asset may be irrevocably designated as measured at fair value through profit or loss to reduce the effect of, or eliminate, an accounting mismatch.

A. Classification and measurement of financial assets

Investments and other financial assets

Classification:

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those to be measured at amortized cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Company reclassifies debt investments when and only when its business model for managing those assets changes.

Measurement:

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in statement of profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognized directly in statement of profit or loss and presented in other income / (other operating expenses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the statement of profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

Fair value through other comprehensive income (FVTOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment losses (and reversal of impairment losses), interest income and foreign exchange gains and losses which are recognized in statement of profit or loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to profit or loss and recognized in other income / (other operating expenses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other income/ (other operating expenses) and impairment losses are presented as separate line item in the statement of profit or loss.

Fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortized cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognized in the statement of profit or loss.

B. Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

The rights to receive cash flows from the asset have expired, or

The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

C. Impairment

The Company record an allowance for a forward-looking expected credit loss (ECL) approach for all loans and other debt financial assets not held at FVPL.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate.

For trade and other receivables, the Company has applied the standard's simplified approach and has calculated ECLs based on lifetime expected credit losses. The Company has established a provision matrix that is based on the Company's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company.

D. Derivative financial instruments

Derivatives are initially recognized at fair value. Any directly attributable transaction costs are recognized in the statement of profit or loss as incurred. They are subsequently remeasured at fair value, with all gains or losses, realized and unrealized, recognized in the statement of profit or loss.

5.26.2 Financial liabilities

A. Classification and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

i) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading are recognized in the statement of profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IFRS 9 are satisfied. The Company has not designated any financial liability as at fair value through profit or loss.

ii) Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in the statement of profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit or loss.

This category generally applies to interest-bearing loans and borrowings.

B. Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

5.26.3 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are set off and the net amount is reported in the financial statements when there is a legally enforceable right to set off and the Company intends either to settle on a net basis, or to realize the assets and to settle the liabilities simultaneously.

46. FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying values of the financial assets and financial liabilities approximate their fair values. Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Fair value hierarchy

Fair value is defined as the price that would be received to sell an asset or paid to settle a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Company is a going concern and there is no intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

IFRS 13 'Fair Value Measurement' requires the Company to classify fair value measurements and fair value hierarchy that reflects the significance of the inputs used in making the measurements of fair value hierarchy has the following levels:

Level 1 : Fair value measurements using quoted (unadjusted) in active markets for identical asset or liability.

Level 2 : Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 : Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Transfer between levels of the fair value hierarchy are recognized at the end of the reporting period during which the changes have occurred.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

The Company follows an effective cash management and planning policy and maintains flexibility in funding by keeping committed credit lines available. The Company has exposures to the following risks from its use of financial instruments:

- Market risk
- Credit risk
- Liquidity risk

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

47.1 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises interest rate risk, currency risk and other price risk. The sensitivity analysis in the following sections relate to the position as at June 30, 2023 and 2022.

47.1.1 Interest rate risk:

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Majority of the interest rate exposure arises from investments in term finance certificates, long term and short term loans, lease liabilities, short term borrowings and long term financing.

At the reporting date, the interest rate profile of the Company's interest bearing financial instruments is as follows:

	2023 (Rupees '000)	2022 (Rupees '000)
Fixed rate instruments		
Loan to Metis International (Pvt) Limited - Secured	–	8,272
Long term financing - Secured	9,399,274	9,510,459
Lease liabilities against right of use assets	128,935	166,659
Short term borrowings - Secured	34,151,278	21,449,998
Variable rate instruments		
Short term investments	500,000	500,000
Loan to director - Secured	5,769	10,385
Long term financing from financial institutions - Secured	7,888,808	6,715,644
Short term borrowings from financial institutions - Secured	7,997,634	13,557,910

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the balance sheet date would not affect statement of profit or loss of the Company.

Cash flow sensitivity analysis for variable rate instruments

The following analysis demonstrates the sensitivity to a change in interest rates of 1%, with all other variables held constant, of the Company's profit before tax. The analysis is prepared assuming the amounts of floating rate instruments outstanding at reporting date were outstanding for the whole year.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

	2023 (Rupees '000)	2022 (Rupees '000)
Effect on profit and (loss) of an increase in interest rate for short term investments	4,655	4,655
Effect on profit and (loss) of an increase in interest rate for loan to director	54	97
Effect on profit and (loss) of an increase in interest rate for long term financing	(73,445)	(62,523)
Effect on profit and (loss) of an increase in interest rate for short term borrowings	(74,458)	(126,224)
	(143,194)	(183,995)

Decrease in interest rates at June 30 would have had the equal but opposite effect of these amounts. Sensitivity analysis has been prepared on symmetric basis.

47.1.2 Currency risk / Foreign Exchange risk:

Currency risk is the risk that the fair value or future cash flows of a financial instrument, will fluctuate because of changes in foreign exchange rates. Foreign currency risk arises mainly where receivables and payables exist due to foreign currency transactions.

Exposure to Currency Risk

The Company's exposure to currency risk is restricted to the amounts receivable from/payable to the foreign entities and bank balances which are denominated in currency other than the functional currency of the Company. The Company's exposure to currency risk is as follows:

Particulars	Currency	2023		2022	
		F.Currency	Rupees (Amount '000)	F.Currency	Rupees
Foreign currency bank accounts	US \$	5,120.84	1,467,937	282.10	57,971

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

The following significant exchange rates have been applied as at reporting date:

Foreign Currency	2023		2022	
	Selling (Rupees)	Buying	Selling (Rupees)	Buying
US \$	287.10	286.60	206.00	205.50
EUR €	314.27	313.72	215.75	215.23
GBP £	365.40	364.77	249.92	249.31
CNY	39.98	39.91	30.93	30.85
JPY ¥	2.00	2.00	1.51	1.50
CHF	320.90	320.34	215.96	215.43

Currency rate sensitivity analysis

If the functional currency, at reporting date, had weakened by 10% against the foreign currencies with all other variables held constant, the profit before taxation would have increased for the year 2023 and 2022 by the following amounts:

Foreign Currency	2023	2022
	(Rupees '000)	(Rupees '000)
US \$	3,180,850	2,544,980
EUR €	(9,025)	(3,882)
GBP £	(1,010)	836
CHF	–	(8)
	3,170,815	2,541,925

A 10% strengthening of the functional currency against foreign currencies at June 30 would have had the equal but opposite effect of these amounts.

Currency risk sensitivity to foreign exchange movements has been calculated on a symmetric basis. The analysis assumes that all other variables remained constant.

47.1.3 Other price risk:

Price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Company is not exposed to any significant other price risk.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended June 30, 2023

47.2 Credit risk:

Credit risk is the risk representing accounting loss that would be recognized at the reporting date if one party to a financial instrument will fail to discharge an obligation or its failure to perform duties under the contract as contracted. Concentration of credit risk arises when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations that is susceptible to changes in economic, political or other conditions. Concentration of credit risk indicates the relative sensitivity of the Company's performance to developments affecting a particular industry. The maximum exposure to credit risk at the reporting date is as follows :

	2023 (Rupees '000)	2022 (Rupees '000)
Long term loans	147,858	179,626
Long term deposits	81,701	86,955
Trade debts	34,138,665	28,603,965
Loans and advances	202,458	147,161
Other receivables	165,736	313,353
Accrued income	1,623	4,570
Short term investments	500,000	500,000
Bank balances	1,528,925	92,795
	36,766,966	29,928,425

Loans and advances consist of loans to employees and director. Loans to employees and director are secured against their retirement benefits. Therefore, the Company is not exposed to any significant credit risk on these loans and advances.

Long term deposits have been mainly placed with suppliers of electricity, gas and telecommunication services. Considering the financial position and credit quality of the institutions, the Company's exposure to credit risk is not significant.

Trade debts amounting to Rs. 14,503 million (2022: Rs. 12,290 million) out of total debts are secured against letters of credit and insured contract. Furthermore, credit quality of customers is assessed taking into consideration their financial position and previous dealings and on that basis, individual credit limits are set. Moreover, the management regularly monitors and reviews customers' credit exposure. Accordingly, the Company is not exposed to any significant credit risk.

Other receivables constitute mainly subsidy on gas and receivable from custom authorities. Considering the financial position of and credit quality of the institution, the Company's exposure to credit risk is not significant.

The Company has no material expected credit loss or impairment allowance at the year end regarding trade debts and other receivables.

Short term investments are investments in TFCs. The credit risk on these investments and their accrued profit is limited because counter party is bank with reasonably high credit ratings.

The credit quality of the Company's bank balances can be assessed by reference to external credit ratings or to historical information about counterparty default rate:

47.3 Liquidity risk

ممبرز کو QR enabled کوڈ اور ویب لنک کے ذریعے سالانہ آڈٹ شدہ مالی حسابات / سالانہ رپورٹ کی ترسیل

ٹیکنالوجی کی ترقی اور پرانی ٹیکنالوجی کے فرسودہ ہوجانے کو مد نظر رکھتے ہوئے سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان ("SECP") نے بذریعہ S.R.O. 389(I)/2023 مورخہ 21 مارچ، 2023 لسٹڈ کمپنیوں کو سالانہ رپورٹ (بشمول آڈٹ شدہ مالی حسابات، آڈیٹرز رپورٹ، ڈائریکٹرز رپورٹ، چیئرمین کی جائزہ رپورٹ) کمپنی کے ممبرز کو QR enabled کوڈ اور ویب لنک کے ذریعے بھیجنے کی اجازت دے دی ہے۔ ایس ای سی پی نے یہ اجازت بھی دی ہے کہ سالانہ مالی حسابات CD/DVD/USB کے ذریعے ارسال کرنے کا سلسلہ روک دیا جائے۔

مذکورہ بالا SRO کے مطابق، یہ کمپنی کے ممبرز کی منظوری سے مشروط ہے۔

ٹیکنالوجی کی ترقی سے بھرپور فائدہ اٹھانے اور ماحولیات و پائیداری کے بارے میں کمپنی کی کارپوریٹ سماجی ذمہ داری پوری کرنے کے لیے کمپنی مستقبل میں سالانہ رپورٹ CDs کے ذریعے تقسیم کرنے کا سلسلہ بند کرنا چاہتی ہے۔ چنانچہ، کمپنی کے بورڈ آف ڈائریکٹرز نے سفارش کی ہے کہ کمپنی کے ممبرز کو سالانہ رپورٹ (بشمول سالانہ آڈٹ شدہ مالی حسابات، اور اس سے متعلق دیگر رپورٹس) QR enabled کوڈ اور ویب لنک کے ذریعے بھیجنے کی منظوری حاصل کرنے کے لیے ممبرز سے خصوصی فراراد منظور کرائی جائے، جیسا کہ نوٹس میں بتایا گیا ہے۔

اس انتظام سے تمام ممبرز کو، خواہ وہ کہیں بھی ہوں، کمپنی کے مالی حسابات تک رسائی میں مدد ملے گی۔ اس کے علاوہ اس سے CDs کی تیاری کے لیے غیر ضروری خرچہ بھی کم ہوگا۔

یہاں یہ ذکر کرنا مناسب ہوگا کہ اگر کوئی ممبر سالانہ رپورٹ کی ہارڈ کاپ لینا چاہے تو مذکورہ بالا SRO کے مطابق ایسے ممبر کو اس رپورٹ کی پرنٹ شدہ کاپی بلا قیمت فراہم کی جائے گی۔ واضح طور پر یہ بتایا جا رہا ہے کہ اس حق / رعایت میں کوئی تبدیلی تجویز نہیں کی جا رہی۔
